MAXKNEE

- ▷ Perfect for kneeling on rough abrasive surfaces
- ▷ Excellent for any application that demands maximum performance
- ▷ Features a hard poly cap that resists abrasion and works with an extra-long pad for optimal comfort
- ▷ Includes two fully adjustable comfortable elastic straps that connect with hook and loop closures

Order No. 7102

QUICKMAX

- ▷ Same great features as our MaxKnee with the added benefit of fast and easy attachment
- ▷ Features a quick release buckle that eliminates the need for readjusting the straps
- ▷ The buckle is completely adjustable and is designed for durability and comfort
- ▷ The elastic straps offer comfort and flexibility while maintaining stability

Order No. 7102-Q

GEL MAXKNEE

- ▷ Designed for maximum comfort for all-day wear
- ▷ Hard poly cap design features a silica gel insert pad for maximum comfort that cushions and protects the knee cap
- ▷ Two fully adjustable elastic straps with hook and loop closure offer comfort and stability

Order No. 7102-GEL

FLEXKNEE

- ▷ Perfect for long-lasting wear
- ▷ Designed with lightweight pads and a large abrasion-resistant rubber cap
- ▷ The wraparound rubber cap design allows maximum flexibility while maintaining a secure fit
- ▷ Excellent for non-slip, hard surface work environments
- ▷ Hook and loop closures offer comfort and added stability

Order No. 7103

QUICKFLEX

- ▷ Same great features as our Flexknee with the added benefit of fast and easy attachment
- ▷ Features a quick release buckle that eliminates the need for readjusting the straps
- ▷ The buckle is completely adjustable and is designed for durability and comfort
- ▷ The elastic straps offer comfort and flexibility while maintaining stability

Order No. 7103-Q

DELUXE QUICKFLEX

- ▷ Designed to provide the most all-around protection
- ▷ The large ¾" thick pad features a hinge design that provides protection and ease of movement above and below the cap
- ▷ The wraparound design offers greater side protection
- ▷ The large poly cap is molded to conform to the shape of the knee for maximum protection
- ▷ The double strap system uses 1½" straps with deluxe quick release buckles that allow for easy adjustment providing a snug fit while ensuring greater stability

Order No. 6990

BLACK FLEXKNEE

- ▷ Designed for maximum flexibility while maintaining stability
- ▷ The favored pad of government and municipal workers
- ▷ Designed with lightweight pads and a large abrasion-resistant rubber cap
- ▷ Excellent for non-slip, hard surface work environments
- ▷ Hook and loop closures offer comfort and added stability

Order No. 7103-02

GEL FLEXKNEE

- ▷ Provides maximum comfort against hours of kneeling
- ▷ Designed with a large abrasion-resistant poly cap with a silica gel insert cushion for added comfort
- ▷ Protects the knee cap by dispersing pressure that can build from hours of kneeling
- ▷ 1½" nylon reinforced elastic dual straps and hook and loop closures offer durability, stability, comfort, and flexibility

Order No. 7103-GEL

ULTRA GEL FLEXKNEE

- ▷ Designed with extended knee protection to limit falling debris to affect comfort
- ▷ Designed to hold its contoured shape
- ▷ Constructed with a silica gel pad insert which cushions the knee-cap allowing maximum protection and comfort
- ▷ Unique and easily adjustable rubber straps offer a comfortable, custom fit

Order No. 6987-GEL
Order No. 6988-04 (Replacement Straps)

ULTRA FLEXKNEE

- ▷ Perfect for a wide variety of applications
- ▷ The ribbed design increases flexibility, comfort, and non-slip stability
- ▷ Made from a flexible PVC material for added durability and will hold its shape better
- ▷ Constructed with inner foam rubber for greater comfort and water resistance
- ▷ Unique and easily adjustable rubber straps offer a comfortable, custom fit

Order No. 6987
Order No. 6988-04 (Replacement Straps)

NON-MARKING FLEXKNEE

- ▷ Perfect for protection on delicate flooring
- ▷ A non-marking polyurethane cap allows workers to move around the work area without marking or damaging surfaces
- ▷ Hook and loop straps allow for a custom fit and make donning quick and easy

Order No. 7103-01

ECONOMY NON-MARKING FLEXKNEE

- ▷ Perfect for protection on delicate flooring
- ▷ Extra-long design provides added protection
- ▷ Ribbed cap prevents workers from slipping and sliding on work surfaces
- ▷ Elastic straps with hook-and-loop closure ensures a snug fit

Order No. 7103-04

SOFTKNEE

- ▷ Designed for convenience in non-abrasive environments
- ▷ A tough blend of cloth and EVA foam make these pads extra comfortable and easy-to-wear
- ▷ These lightweight yet durable knee pads can be worn over or under pants
- ▷ Slips on and off quickly without straps or buckle attachments

Order No. 7105

DELUXE SOFTKNEE

- ▷ Perfect for jobs where protecting the work surface is a primary concern
- ▷ Features an extra wide foam pad making this knee pad the most comfortable in the industry
- ▷ Designed with a tough water-resistant cover and no kneecap
- ▷ 1½" elastic straps are adjustable and are equipped with hook and loop closures

Order No. 6998

DELUXE COMFORT KNEE

- ▷ Provides maximum support, comfort, and protection while not damaging the most delicate of surfaces
- ▷ Designed with EVA foam, inner PVC pads, and a neoprene back with breathing holes
- ▷ Neoprene straps are comfortable, and hook and loop closures allow for an easily adjustable fit

Order No. 6985

LEATHER KNEE PAD

- ▷ Perfect for welding and concrete work
- ▷ Made from tough abrasion-resistant leather for maximum protection while the soft cushion backing adds comfort
- ▷ Elastic straps with hook and loop closures ensure a secure fit

Order No. 6991

WELDING KNEE PAD

- ▷ Designed for welding applications
- ▷ Made from tough heat-resistant leather that wraps over the top and down the back of the pad to offer maximum protection from flying sparks
- ▷ Features a non-marking poly cap for added protection with a soft cushion backing that ensures maximum comfort
- ▷ Elastic straps maintain a secure fit with the convenient quick release buckle

Order No. 6991-01Q

STANDARD KNEE PAD

- ▷ Designed for wet, damp areas
- ▷ One-piece molded rubber construction offers greater comfort at a low cost
- ▷ Its surface grid design provides skid-resistance even in wet areas
- ▷ Provides superior protection on hard surfaces such as home and garden use
- ▷ Features adjustable hook and loop straps ensure a secure fit

Order No. 7101

CONTOUR KNEE PAD

- ▷ Perfect for masonry work
- ▷ This soft ½" foam rubber pad is contoured to the shape of the knee
- ▷ Designed to allow easy side-to-side movement on hard surfaces
- ▷ Can be used in wet environments
- ▷ The contoured shape allows the 1½" hook and loop straps to be worn more loosely for greater comfort

Order No. 7100

ECONOMY CONTOUR KNEE PAD

- ▷ Ribbed kneeling surface helps to minimize slippage
- ▷ Lightweight and low profile
- ▷ ½" outer foam rubber with flexible spring back memory allows for greater comfort
- ▷ Lined for extra absorption
- ▷ 1½" hook and loop straps add stability and adjust for a custom fit

Order No. 7100-02

VALUE PLUS KNEE PAD

- ▷ The most cost-effective knee pad in dirty, dusty, and oily environments
- ▷ Poly cap is stitched on for greater strength and won't allow particles underneath causing discomfort
- ▷ Tough polyester fabric exterior protects a high-density lightweight foam core
- ▷ Longer pad design provides extra comfort
- ▷ Two fully adjustable straps with hook and loop closures provide a custom fit

Order No. 6999

GEL KNEE

- ▷ Designed for abrasion-resistant applications and all-day wear
- ▷ This neoprene kneepad features a soft, flexible, and abrasion-resistant riveted poly cap for added durability
- ▷ Silica gel pad insert provides maximum comfort
- ▷ 2" wide strap features a hook and loop closure that ensures a snug fit

Order No. 6986-GEL

BACK, ELBOW, AND WRIST SUPPORTS

Our impressive line of support products includes top-of-the-line back supports that feature a unique three-part support system that provides comfort and unrivaled abdominal and lumbar support. We combine the highest quality materials and design engineering for our full line of back, elbow, and wrist supports that you can depend on.
